## Welcome From Our Chairperson Josephine Gagan

Welcome to our spring newsletter; thankfully winter is over, the sun is shining and the flowers are blooming! As you will see we had our Mind for Minds Fundraising Quiz Night, which was a real success. We also have a seminar coming up in November, so be sure to not miss the event.

Best wishes everyone,  
Josephine Gagan

## Save The Date

On the evening of November 15th, Minds for Minds will be holding a public seminar at The University of Auckland featuring Professor Andrew Whitehouse from Australia (Chief Research Officer of the Cooperative Research Centre for Living with Autism). More details will be available on the Minds for Minds website over the next month.

## Mind For Minds Fundraising Quiz Night

We recently had our Mind for Minds Fundraising Quiz Night, which was a real success. What a fantastic evening it was, and a huge thank you to all our generous sponsors along with our supporters who donated their products and services. The event would have not been possible without your generosity, and we appreciate all the support so that we can have more fun nights like this!

## Minds For Minds T-Shirts For Sale

Josephine Gagan & son Michael with t-shirts

Ken Griffen is a young New Zealand artist, based in New York and has had sold out exhibitions locally. He has gifted an exclusive limited-edition design for 250 Minds for Minds t-shirts to raise funds for the autism research project. Ken was originally Creative Director for Huffer brand. As one commentator said of his art "I have not been to an exhibition or come across a new artist that has made me this excited in a very long time." to see his works visit [www.kengriffin.com](http://www.kengriffin.com)

There were only 250 t-shirts produced and there are still some available in a limited size range for adults with his signature on the sleeve. Plenty of children's sizes 8-14 in white only. All t-shirts are \$50; colours are black on white and white on black. All proceeds go directly to the Minds for Minds autism research project.
